## IN THE COURTS

### In Police Court.

There were three cases before Police Judge E. H. Puryear this morning but no action was taken in any one of them. Barney and W. M. Padgett were presented for selling liquor to Edward Skillian, a minor, and the case was set for this afternoon. Florence Renfro, white, and Isiah Curry, colored, charged with disorderly conduct, were granted continuances.

### Found Some Property.

Creditors claim they have discovered property belonging to Walter and Calvin Duncan, bankrupts, and as a result E. W. Bagby, referee in bankruptcy, went to Murray this morning to reopen the case. The case is an old one and has caused the referee many trips to Calloway county.

### Objects to Discharge.

Attorney W. V. Eaton filed objections to the petition for discharge in bankruptcy of M. Schwab in behalf of the creditors. The objections allege that Schwab has obtained a discharge within six years; that he did not keep a book of accounts, and that he obtained credit under false written statements.

### Distress Warrant.

Justice Charles Emery yesterday afternoon issued a distress warrant for J. D. Watts against Oakley Doolin for the possession of a house at 222 Adams street and the collection of a debt of \$16 for rent.

### Marriage Licenses.

Robert Smith, 39, and Laura Lovings, 35, colored.

### Court Notes.

The final dividend in the H. T. Hegg case was distributed today among the creditors.  
Under an order of sale the stock of the Hayes Drug company will be sold October 22.

### Ratifies Contract.

At a called meeting of the board of councilmen held last evening at 7 o'clock second passage was given the ordinance submitting to the voters the matter of making a new contract with the Paducah Water company to furnish water to the city for fire fighting purposes for the next 18 years.

### Senator Cullom Ill.

Springfield, Ill., Oct. 12.—Senator Cullom is confined to his hotel here, suffering from a severe cold, contracted Thursday.

# DID U KNOW?

That the heat units in a HEATING STOVE is what counts in heating cold air? A stove may put forth its best efforts to serve, but lacking in heat units, can only heat a little space around it.

## HART'S HEATERS

Are made with heat units everywhere. The larger stoves have very powerful circulation features also, making it easy for HART'S STOVES to do the work, which is the reason they use so LITTLE FUEL and LAST so LONG.
